

**DE TRAFFORD STRAW WINE 2001**  
( VIN DE PAILLE )

The first of its kind in South Africa.  
The fifth vintage to be released under the entirely new category "Wine from naturally dried grapes", recently formed by the Wine and Spirit Board specifically to accommodate this wine and others to follow.

**VINEYARD BLOCKS**

1 block ( **Keerweder** ) 29 year old vines on a 3 wire trellis on neighbouring cool high altitude SW slope. Deep red Hutton soil with good moisture retention. Unirrigated.  
Yield 4 tons / hectare.

2 blocks ( **Post House** ) 15 & 17 year old vines on a 4 wire trellis with moveable foliage wires. Lower slopes of the Helderberg, 8 km from the cooling influence of the sea. Gravelly Hutton soil. Yield 9 tons / hectare. Lightly irrigated to relieve drought and heat stress.

**VINTAGE CONDITIONS**

Another ideal vintage for this style of wine. The warm, dry conditions produced a small crop of excellent quality. These conditions continued during the drying process producing very sweet, concentrated grapes.

Harvest date: 8 / 2 / 2001 – 6 / 3 / 2001 @ 22 – 24° balling

**PRODUCTION**

The grapes were picked at optimum ripeness and laid out on drying racks in 70% shade for 3 weeks. This allows the grapes to concentrate sugars, acids and flavours, before reharvesting in the cool mornings.

Fermented with natural yeasts and matured for 15 months using mostly new 225 l oak barrels – 50% French and 50 American.

Racked while in barrel to remove heavy sediment and lightly bentonite fined before bottling unfiltered. Bottling date : 3 / 6 / 02. Production: 600 cases (6 x 375 ml)

**TASTING NOTES**

Attractive deep yellow colour. Intense honey, apricot, nuts and citrus nose. The palate is sweet and concentrated with just enough acidity and oak tannins to compliment and deliver a long, lingering finish.

This wine is a dessert all on its own - a real treat after the meal. Delicious with biscotti and various nuts. Compliments slightly tart fruit desserts and good pate's beautifully.

**ANALYSIS**

Alc.11.7 Sug. 252.0 TA 7.9 pH 3.48 VA 1.56 SO<sub>2</sub> 26/202

These are naturally made, living wines which may deposit a sediment – a healthy sign of a handcrafted wine.
